Subject: Testimony in SUPPORT of SB388

Dear Representatives,

I stand in opposition to the proposed SB16 and HB5416 as they serve no purpose other than to restrict law abiding citizens from the exercise of their constitutional rights. In fact, the bill would remove protections for citizens to defend their lives, the lives of their family and their community.

Additionally, the removal of the right to carry on public transport further marginalizes and puts at risk lower income individuals that should enjoy the same rights as the elite class to self defense. Again, legal carry is just that. The proposed SB16 law just makes sitting ducks out of your law abiding constituents.

I also request you support SB388, HB 5415 and HB5412.

Instead of violating your oaths to support and defend the constitution and by proxy do the same to your represented law-abiding citizens, why don't you focus your efforts on the bad actors and criminals that you seem to keep releasing back to our communities to keep being criminals. You can't create the problem and then take credit for trying to solve it. Do your jobs and protect our rights.

Thank you,
Sean Barrett
